

Cream Soda

"Good Enough"

For anybody, isn't good enough for you, when it comes to Soda Water. We want every one of our customers to really feel that the Soda they get here is better than the best that other stores are capable of producing. You know this is so, we know that it is so, but there are those who do not know it until they try it.

Putnam Street Drugstore.

124 Putnam St. Marietta, O.

Who Said "Soda Water?"

We don't suppose there is another drug store in the United States that gives more attention to the purity of syrups for Soda Water than we do.

Nothing but the ripest, freshest fruits are used in making them. We know exactly what we are selling to our customers. We know it is pure and cold.

Come in and feast yourself on just one glass. We want to interest you this early in the season because we want your trade all summer. We want to please you so well that you'll be several blocks out of your way, if necessary, to get your Soda Water at

CORNER DRUG STORE,
CORNER FRONT & PUTNAM STS.

Every little girl in Marietta is interested. There are Vici Kid Slippers here to say for her doll. Let her bring her doll (big or little). We will give her the slippers or have them made to order for her, if the doll's feet are so big or old that we cannot fit them out of stock. A parent must come with her.

THIS IS DOLLS' DAY

and we want to give away so many that every little girl hereabout will know what a perfect soft leather this Vici Kid is—how soft to the touch and yet how firm and durable. We want her to see, too, what a perfect polish it takes. We want her to see the horse shoe trade mark that stamps all of the Vici products.

Those little girls will soon be the grown-up women and the shoe buyers, and it is to prove to them how Vici Kid is the best of all kid that goes into shoes, that we give away these handsome slippers. Remember, Mr. Robert H. Forrester, alone makes Vici Kid. No one else knows how to make it. They try and try, but Vici stands today as when it first appeared: unequalled, almost unapproached.

Today, as every day this week, we are teaching shoe care and the merits of Vici Dressing, Polish, etc.; preparations also made by Robert H. Forrester, who says no matter how good a leather shoe may be, if neglected in wear half its wearing qualities is lost. The lesson we teach is worth learning.

A DULL DAY.

I know nothing of the unfortunate experience for artist, DePree has never in his mind's eye pictured dark-blue lines of discouragement upon the canvas of his countenance.

"A DULL DAY."

"That might be the burden of a sleep-born song of a competitor, but for me the refrain is too everlasting a dream."

To the immortal competition with the conventional form of pieces must quicken the money spender's pleasure, and to them I offer a handful of shavings whittled off the side of my profits. This is no bargain counter flash sale, but a little nip off the broad beam, rescued from my lot of pieces. Everything sold in my store is absolutely first.

A few or two more bottles of Extracts for making Root Beer at the price of 5c. When gone, all gone.

MODERN HOTEL.

Marietta Will Soon Have One of the Finest Hotels in Southeastern Ohio.

It is reported that Gracey, Kaiser and Moore, the owners of the Yale Hotel, will make extended and modern improvements in the building, and to that end the hotel will be closed to the public today.

The improvements and renovations contemplated will make the hotel one of the finest in southeastern Ohio and we understand it will be managed on a strictly up-to-date plan and in such a way as to make it a most popular stopping place for travelers.

There will be a large four-story extension and also a fourth story added on the main building, which will give the building accommodations for a great many more guests than its present capacity permits.

A hot water apparatus for heating will be arranged for all rooms and electric elevators will be put in the building, running from basement to garret.

The owners are thoroughly up-to-date in ideas and are progressive business men and should meet with a large measure of success in their enterprise.

A Delightful Card Party.

A delightful affair was the card party given Friday afternoon by Mrs. W. R. Grimes in honor of her sister, Miss Nelly, of Parkersburg. Progressive pedro was the order of entertainment, and the hostess showed much originality in the appointments of the game for the amusement of her guests. Small doll shoes in bronze and black, tied with pink ribbons, with a card attached designating the table at which each player was to sit, were given each lady, a pair of bronze and a pair of black shoes being partners at each table. Shoe buttons were used to mark the progressions, the buttons being tied onto the strings of the little shoes.

Each table was provided with an instrument to notify the players when the progressions were to be made. A drum was at one table, cymbals at another, a bell at another, and different toned horns at others, and when any couple, at whatever table, had made twenty-nine points, the others were notified by means of the instrument at that table and the progressions made.

At the conclusion of the game, it was found that Mrs. Francis Penrose and Miss Wehrs tied for the most points, Miss Wehrs being the winner in the deciding cut, receiving thereby the prize, a handsome bisque figure, "The Diver." Mrs. Fred Curtis received the consolation prize, a pug dog in bisque.

A supper of several courses was served, composed of such palatable viands as mushroom patties, tongue, peas, head, olives, pickles, coffee, salad, wafers, ice cream, strawberries and several kinds of cake.

Those present were Mrs. S. S. Porter, Mrs. T. F. Davis, Mrs. Charles Booth, Mrs. Frank Robinson, Mrs. H. Fred Curtis, Mrs. Dale Schaffer, Mrs. W. T. Scammon, Mrs. Charles Hart, Mrs. Mary Bartlett, Mrs. O. M. Willis, Mrs. Wm. Rogers, Mrs. Julia Flanders, Mrs. E. B. Reeser, Mrs. Francis Penrose, Mrs. Joseph Goebel, Mrs. Charles McElroy, Mrs. Henry Best, Mrs. Harry Chamberlain, Miss Nelly, Miss Wehrs, Miss Hancock, Miss Leeper, Miss Seigh, Miss Helen Curtis, Miss McMaster, Miss Goebel.

A Big Damage Suit.

"Christopher Columbus Mellor vs. The Marietta Electric Co., a corporation doing business under the laws of West Virginia," is the title of a suit filed in Common Pleas Court Friday.

The petition recites that the plaintiff was driving on Putnam street in a buggy on October 22, 1898, with Church Mercer, when his horse became frightened at a street car and backed the buggy in front of the car, cramping the buggy in such shape that Mellor could not control the horse. The car struck the buggy, overturning it and throwing the occupants to the ground, where the horse stepped on Mellor's head. In the fall Mellor claims to have sustained serious injury to his legs, hips, back and sides, so much so that he is unable to earn a living by means of his trade and will not be able to work for a long time to come. He asks damages in the sum of \$10,000. W. G. Way is attorney for the plaintiff.

Sentence Completed.

A telegram was received by friends at Lore City yesterday afternoon announcing the death of Orrin D. Law, sentenced to the penitentiary for life at the October term of Guernsey county Common Pleas Court, for the killing of John Boyd and Mrs. Wrick. He died in the hospital of heart disease and was both a mental and physical wreck. George Oldham went to Columbus and brought the remains home for burial, which will take place from the home of his mother, who resides near Senecaeville, tomorrow morning at ten o'clock.—Cambridge Sun.

River Notes.

We are promised some showers today. The heavy rains have already caused a rise in the river of goodly proportions and there is now a stage of 12 feet.

Boats today are Ben Hur at 6 a. m., Kanawha at 2 p. m. and Keystone at 2 p. m. for Pittsburgh, Valley Belle at 9 a. m. for Gallipolis, Greenwood at 4 p. m. for Charleston.

E. Clark, Jr., Moore No. 21 was drilled into the pay Friday and is a good well. It is reported as good for 100 barrels.

The Jameson Oil Co.'s well on the Covey farm, adjoining the county infirmary farm, and in which the Kaiser brothers, William and Carl, of Sistersville are interested, is reported as doing over 200 barrels per day without being shot. The well is only a little over 300 feet deep and certainly is a nice piece of property.

A new location has been made in the Moore's Junction field about a half mile ahead of developments, on the Charles Witkield farm. The rig is being built by New York parties and the well will be watched with interest.

The Augusta Oil Co. drilled in and shot Thursday a well on the Amos farm at Sand Hill and have a nice producer. It is in the Morgantown or 400 foot sand.

The Jameson Oil Co. have started their No. 3 well on the William Covey farm near the infirmary.

A WELL IN THE CITY.

The company composed of Marietta men and who showed their faith in Marietta and risked their capital here are to be rewarded by a well on the Cliser farm which was drilled in Thursday evening and shot. The shot was put into the well late in the evening and after exploding it the tools were lowered into the hole and left until Friday morning, when it was found that it had filled to considerable depth with oil. There is not much gas and the well will have to be pumped, but it is estimated as good for from 10 to 20 barrels a day. This is the second well which has been drilled on this farm, the other being drilled considerably deeper, but no oil was found. The promoters are now talking of filling the first hole to the depth of the sand found in this one and shooting it to see if it will not pay, and from indications it probably will. A tank was erected at the well Friday and it will be put to pumping right away.

Death to Kidnapers.

Child stealing may yet be made a capital crime in the Empire State. So deep is the indignation that has taken hold of the people over the kidnapping of little Marion Clark and so horror stricken is the community in general over the enormity of the crime that talk of making the offense punishable by death is more than gossip. Prominent men, bankers, statesmen, merchants and others, whose opinions are worth considering, are in favor of sending to the electric chair the wretches who prey on children, bereaving parents and throwing communities into spasms of terror by their cowardly crimes against innocent babies.—Now York Special Chicago Times Herald.

Vote of Thanks.

At a regular meeting of Buell Post No. 178 G. A. R., Tuesday evening June 1st, it was unanimously decided to extend through the press the thanks of the Post to all those who assisted us in the exercises of Memorial Day, and to all who participated with us in the observance of the day. The "Old Soldier" cannot forget the sacrifices made and the hardships endured by those whose graves we decorate, and we are profoundly grateful that the present generation appreciates their services and are willing to join with us in our beautiful memorial offerings. By order of Buell Post.

Beware of Ointments for Catarrh that contain Mercury.

Mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians as the damage they do is ten fold to the good you are possibly deriving from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally, and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

A LITTLE LIGHT.

Every young woman needs a little light upon the subject of health. There is far too much conventional prudery among mothers. Every young woman should have explained to her the supreme necessity of keeping her body pure and wholesome and free from weakness and disease in a womanly way. Her general health, her future happiness, her good looks, her physical strength, her capability as a wife and mother, and the health and strength of generations to come are dependent upon this.

Nothing in the world will destroy the good looks, whiteness of the skin, and the usefulness of a woman quicker than disorders of the delicate and important organs that bear the burdens of maternity. Dr. Pierce's Favorite Prescription is the best of all medicines for women who are suffering in this way. It makes a woman strong and healthy where a woman most needs health and strength. It relieves pain, soothes inflammation, heals ulceration and gives rest and tone to the tortured nerves. It cures all the ills and pains too commonly considered as uncomfortable inheritance of womanhood. It has been used for over thirty years with an unbroken record of success. More of it has been sold than of all the other medicines for women combined. It is the discovery of Dr. R. V. Pierce, for thirty years chief consulting physician to the Invalids' Hotel and Surgical Institute, at Buffalo, N. Y. He will cheerfully answer, without charge, all letters from ailing women.

"Three years ago," writes Mrs. J. N. Messier, of 174 Vanburgh Avenue, New York N. Y., "the best physician in this city said there was no cure for me—unless I would go to a hospital and have an operation performed. I could not walk across the room. I took Dr. Pierce's Favorite Prescription and after three bottles I could work and sleep as usual."

Torpid liver and constipation are surely and speedily cured by Dr. Pierce's Pleasant Pellets. They never gripe, they regulate, tone up and invigorate the liver, stomach and bowels. No substitute urged by mercenary dealers is as good.

Poor Old Gomez.

The story of Gen. Gomez is one of the most pitiful of the many pitiful stories of the war with Spain. Gomez has spent the most of his life in struggling for that freedom of Cuba which the American intervention obtained. For years he has been outlawed by the country, which was nominally his because it was the country that dominated. Possibly, had he fallen in with the ideas that prompted Spain in her dealing with the colony of Cuba, he would have met a far more enviable fate than that which is his now. For in his old days, with the war finished, and his occupation gone, the ingratitude of his people, the people he was instrumental in leading to freedom, leaves him stranded in poverty, ill health and neglect.

Gomez was one of the few men who made Cuba free. He is the survivors among the conspirators whose persistence finally encompassed the overthrow of Spain, and while he might never have seen success attained if Spain had not been brought into contact with the United States through the destruction of the Maine, nevertheless Gomez is the victorious leader, and if gratitude was known among his people his old age would be the occasion of the most tender solicitude. But he has been ignored and repudiated by many of the men who fought with him and by those civilians who have tried to take from him all the fruits of his years of dangerous toil. Gomez, some day, if Cuba is to live, will be a hero. But the Cubans of today see their deliverer worn out by war and poverty, dying of disappointment and neglect, and they show no sympathy and no concern. Gomez cast his pearls before swine.—Pittsburg Times.
